

Guidelines for Preparing the Video Presentation

- (1) This is a mandatory assessment.
- (2) You must prepare a video presentation, having you presenting in front of a camera.
- (3) You can choose to combine any other method of presentation as well while you are visible in the video.
- (4) Your video presentation must start with Your Introduction.
- (5) After introduction you must present any one topic from the following:
 - I. You have completed two months of training and you are deployed in a project team new to you. You must now introduce yourself to the project management team talking about your learnings and experience in this organization.
 - II. Tell us about any technology that you know well and have learnt recently.
 - III. Talk about any of your college projects which you completed individually or as a team member.
- (6) Length of the video presentation can be between 7 minutes to 10 minutes.
- (7) Language used during the video must be English.
- (8) Video must be recorded in high resolution.
- (9) Make sure that you are visible clearly while presenting. Therefore, you are recommended to record the video in a room where visibility is high.
- (10) Avoid any kind of background music or distractions in the video presentation.
- (11) You must submit your video presentation within 48 hours of receiving this assessment.
